

Sarkari Result 2026: Official Links — citizen guide 2026

This verified Sarkari Result 2026 guide takes you to the recruiting authority—not a result-copying website—so you can find government-job results, admit cards, answer keys, cut-offs and merit lists without surrendering your registration details to an unknown intermediary. It also explains what each result label means and what to do when your record is missing or delayed.

Quick answer: There is no single government website called “Sarkari Result.” For an authentic 2026 result, open the official UPSC, SSC, RRB, IBPS, SBI, NTA, state PSC or examining-board link below; match the exam name and notice number; then download the result PDF or scorecard from that authority's domain.

Last independently reviewed: 30 August 2026. We checked **63 official gateways and recruiting-body links**. Fifty-eight responded successfully from our checker. Five genuine official services were temporarily unavailable or did not respond; their parent-site fallbacks are identified below. A temporary outage is not a reason to use a lookalike website.

What “Sarkari Result 2026” means

“Sarkari Result 2026” is a search phrase, not the name of a Government of India department. It may mean a recruitment result, scorecard, answer key, cut-off, merit list, admit card or school-board result. The legally reliable version is always the record published by the authority that conducted the examination.

This page is an **official-link directory and problem-solving guide**. It does not copy changing vacancy counts or announce unverified result dates. A third-party site may help you discover an exam, but only the commission's notice, candidate login or signed PDF decides your status.

Sarkari Result 2026 — the safe five-step check

① Authority	② Notice	③ Candidate	④ Result	⑤ Save
Identify who conducted the exam	Match exam year and notice/CEN/CRP number	Use your own roll or registration number	Read the PDF, scorecard and cut-off together	Keep the official URL, PDF and screenshot

Official portal → exact exam → exact notice number → your roll number → saved evidence

Sarkari Result 2026 official website links

Use the body named on your application form or admit card. Do not assume that every government recruitment lives on a **.gov.in** address: IBPS and SBI use their own verified institutional domains. The safe test is whether the link is published by the recruiting authority itself, not whether a page uses the words “sarkari result.”

Central recruitment and government-job result links

Exam or service	Official result / recruitment portal	What you will usually find
UPSC result 2026 — Civil Services, NDA, CDS, Engineering, CMS and other Union examinations	UPSC Written Results	Roll-number and name lists, written results; use the individual exam page for admit card, marks, answer keys and cut-offs
SSC result 2026 — CGL, CHSL, GD, MTS, CPO, JE, Stenographer and selection posts	Staff Selection Commission	The homepage has official Admit Card, Answer Key and Result quick links
Railway result 2026 / RRB result 2026 — NTPC, Group D, ALP, Technician, JE and other CENs	Railway Recruitment Board Chandigarh / official RRB directory	Open the RRB named in your Centralised Employment Notice; results are zonal and may not appear on one national page
IBPS result 2026 — PO, Clerk/CSA, SO and RRB banking recruitment	IBPS CRP Updates	Common Recruitment Process notices, provisional allotment, scores and result links

Exam or service	Official result / recruitment portal	What you will usually find
SBI result 2026 — PO, Junior Associate and specialist recruitment	SBI Recruitment Results	Official recruitment notices and result PDFs; SBI may redirect to its sbi.bank.in careers host
India Post GDS result 2026	India Post GDS Online Engagement	Registration, division/circle notices and shortlisted-candidate lists
Central Teacher Eligibility Test / CTET result 2026	CTET	Notice, admit card, answer key and result links; use CBSE's main site if the CTET host is temporarily unavailable

National Portal jobs directory	National Portal of India — Jobs	Links to Union and state recruitment services

RRB warning: Railway results are published by the RRB named in the CEN. Match the RRB, CEN number and post before searching your roll number. A PDF from a different RRB or a third-party “railway result link” does not establish your result.

NTA, entrance, eligibility and school-result links

These results are often searched with “Sarkari Result 2026,” but they are not all government-job selections. Use the correct exam website:

Search	Official link	Correct use
NTA result 2026 / NTA admit card 2026	NTA examination sites and NTA notice archive	Find the exam's own sub-site and its public notice
JEE Main result 2026	JEE Main	Scorecard, final answer key and public notices
NEET UG result 2026	NEET UG	Scorecard, answer key and counselling-related notices
UGC NET result 2026	UGC NET	Scorecard, answer key and result notice
CSIR UGC NET result 2026	CSIR UGC NET	Scorecard, answer key and notices
CBSE 10th result 2026 / CBSE 12th result 2026	CBSE Results; fallback CBSE main site	Board result and official result-service links
10th result 2026 / 12th result 2026 — other boards	National Informatics Centre Results Gateway plus your board's own site	Select the state/board, then confirm the host and the board name before entering details

Important distinction: a school-board result does not come from UPSC, SSC or an RRB. “10th Sarkari Result 2026” and “12th Sarkari Result 2026” searches should end on the relevant board's official result host, not a government-job aggregator.

How to check a Sarkari Result safely

Step 1 — identify the conducting authority

Read the top of your notification, application confirmation or admit card. Find the full authority name and the exam identifier: for example, an SSC examination name, an RRB CEN number, an IBPS CRP code or a state commission advertisement number. The coaching channel that told you about the vacancy is not necessarily the conducting authority.

Step 2 — open the official portal from this directory

Use the links above or type the known official domain yourself. Do not click the first sponsored result. Check every character in the host before entering your date of birth, password or OTP. A

government emblem, copied colour scheme or the words “official Sarkari Result” do not prove ownership.

Step 3 — match the exam, year, stage and notice number

One examination can have separate PDFs for prelims, mains, skill test, physical test, document verification and final recommendation. Confirm all four fields:

1. **Exam name and year**
2. **Advertisement / notification / CEN / CRP number**
3. **Stage** — written, PET/PST, skill test, DV, medical or final
4. **Date shown on the authority's notice**

Step 4 — search the right identifier

If the result is a PDF, download it and search your **roll number first**. Names can repeat or be abbreviated. If the portal provides an individual scorecard, use the candidate login reached from the authority's own page. Never send a stranger your login or OTP to “check the result.”

Step 5 — read the result with the cut-off and notice

“Qualified” can mean only qualified for the next stage. It may not mean selected for appointment. Read the footnotes, category, cut-off, document-verification requirement and next-stage schedule. If two official documents appear inconsistent, save both before contacting the helpdesk.

Step 6 — save a small evidence pack

Keep these together:

1. Official result PDF or scorecard
2. Browser address showing the official host
3. Result-notice date and notice number
4. Application/registration number and roll number
5. Admit card and fee receipt
6. Cut-off or category notice
7. Screenshot of any error, with date and time

This pack is useful for the helpdesk, a formal representation, grievance, RTI request or court advice. Do not publish it in a public comment: it may contain personal identifiers.

Result, scorecard, cut-off and merit list: what each means

Label on the official site	What it normally tells you	What it does not prove by itself
Provisional answer key	The authority's initial answers and usually an objection window	Final marks or final selection
Final answer key	Answers adopted after the challenge process	Your individual score unless the notice says so
Result PDF / qualified list	Roll numbers or names qualified at that stage	Appointment, if more stages remain

Label on the official site	What it normally tells you	What it does not prove by itself
Scorecard / marks	Your recorded marks and sometimes section-wise performance	Qualification unless compared with the applicable rule/cut-off
Cut-off marks	Threshold applied for a category, post or stage	A vacancy or appointment order
Merit / select list	Ranked or selected candidates under the stated rules	Joining until documents, medical and other conditions are cleared
Reserve / waiting list	Candidates who may be considered under the notice's conditions	Automatic appointment
Document-verification notice	Place, time and documents for the next stage	Final selection
Recommendation / allocation	Recommendation by the recruiting body or allocation to service/post	The department's appointment and joining formalities

A real 2026 result example: UPSC Civil Services Prelims

The official [UPSC Civil Services \(Preliminary\) Examination, 2026](#) page shows why you should follow one exam page rather than a rumour calendar:

Official event	Date published by UPSC
Notification	4 February 2026
Examination	24 May 2026
Written result — roll-number list	15 June 2026
Written result — name list	18 June 2026

The roll-number result and the name list were separate official documents on separate dates. A user searching “UPSC result 2026 PDF with name” before 18 June could wrongly conclude that the first result was incomplete. The safe answer was to follow the exam page and distinguish the two document types.

The UPSC [Written Results](#) page also lists multiple 2026 examinations. Always open the row for your exact examination; do not search a downloaded PDF from a similarly named exam.

If the result is not found, withheld or delayed

Start with the least formal remedy that can actually fix the immediate problem.

Your problem	First action	Evidence to preserve	When RTI helps
Official page will not load	Retry later, use the authority's parent homepage and check its notices/social advisory	Screenshot, exact URL, time and error	Usually not needed for a short technical outage

Your problem	First action	Evidence to preserve	When RTI helps
“Invalid credentials” or scorecard will not open	Use official password recovery and the helpdesk in the notification	Error screenshot, application number, helpdesk ticket	For recorded status/action taken if the issue persists
Roll number is missing from a PDF	Re-check exam, stage, category and notice number; then contact the authority	PDF, notice and your admit card	For your recorded candidature status and any withholding note
Result says “withheld”	Follow the notice's document/representation procedure immediately	Scorecard, document-upload proof and representation	For the recorded deficiency, file movement, decision and applicable rule
Marks look wrong	Use the authority's answer-key objection, representation, verification or re-evaluation procedure within its deadline	Response sheet, keys, objections, scorecard	For your evaluated record or recorded action—not as a substitute for a deadline-bound challenge
Result date is only a rumour	Check the authority's latest notices; do not rely on “kab aayega” posts	The official notice page	For the recorded status after a meaningful delay, not for a prediction
Website shows one result but a private site shows another	Treat the recruiting authority's record as controlling	Official PDF/scorecard and URL	Usually unnecessary unless your own official record is inconsistent

Escalation order

1. Read the result notice, exam rules and latest corrigendum.
2. Use the **official helpdesk** printed in the notification or candidate portal.
3. Submit a dated representation or grievance and retain its acknowledgement.
4. If you need existing records—status, note sheet, rule, order, action taken, or a copy of your evaluated answer book—file RTI to the public authority that holds them.
5. If a deadline for objection, verification, DV or court remedy is running, follow that process on time. An RTI application does **not** pause the deadline.

What RTI can—and cannot—do for an exam result

Under the [Right to Information Act, 2005](#), a citizen can request information held by or under the control of a public authority. For a government recruitment or public examination, useful record-based requests can include:

1. Current recorded status of **your** candidature
2. Copy of the order or note recording why your result/dossier was withheld
3. Copy of the rule, criterion or office order applied to your case
4. Dates on which your representation moved between offices
5. Action-taken record on your dated grievance
6. Your marks/score record where held and disclosable
7. Inspection or certified copy of your evaluated answer book, subject to the applicable record-

retention position and lawful redaction

8. Aggregate, anonymised data such as category-wise cut-offs or vacancies, where held

Section **6(1)** is the request route. If another public authority holds the information, **§6(3)** provides for transfer. The ordinary response period under **§7(1)** is 30 days. **§10** permits exempt material to be severed while the rest is disclosed. A first appeal lies under **§19(1)** when no decision arrives in time or the reply is inadequate.

In **Central Board of Secondary Education v Aditya Bandopadhyay, (2011) 8 SCC 497**, the Supreme Court held that an examinee's evaluated answer book is "information" and may be inspected or copied under RTI, subject to the Act. Read the [full judgment text](#). The ruling gives access to the record; it does **not** turn the RTI officer into a re-evaluator or automatically change marks. Use the examination body's review/challenge process for consequential relief.

RTI asks for records, not a fresh verdict. Ask for "the recorded reason/order/note/copy/status," not "please select me" or "please recheck my marks." If you need the result corrected, pursue the authority's representation, objection, re-evaluation, tribunal or court remedy within its separate deadline.

Sample RTI for a withheld or missing government-job result

Address this to the CPIO/SPIO of the authority that conducted the examination. Replace every bracketed field. Do not send your password, OTP, Aadhaar copy or unnecessary sensitive data.

Common Sarkari Result mistakes—and the fix

- **Searching only by name.** Names repeat and PDFs may use initials. Search the exact roll number, then verify the name and category against your own record.
- **Treating “qualified” as “appointed.”** Read the stage and next-step instructions. A written-result PDF may lead only to PET, skill test, interview, DV or medical.
- **Using a copied result page as proof.** Save the recruiting authority's PDF or scorecard and URL. The official [SSC homepage](#), for example, separates Admit Card, Answer Key and Result services.
- **Assuming marks and name lists appear together.** The real 2026 UPSC example above shows separate roll-number and name-list dates.
- **Missing the objection or DV deadline while waiting for RTI.** File the examination remedy first; RTI does not extend that deadline.
- **Asking the PIO to explain or re-evaluate.** Seek identifiable records and recorded reasons under the RTI Act, then use the correct forum for relief.
- **Requesting other candidates' personal records.** Ask for your own record, published lists, or aggregate/anonymised information. Request severance under §10 where appropriate.
- **Sharing credentials with a “result checker.”** No genuine helper needs your OTP. Reach candidate login only from the authority's domain.
- **Believing an exact result date without an official notice.** “Result kab aayega” answers are forecasts until the authority publishes a date or the result itself.
- **Filing to the wrong body.** UPSC, SSC, each RRB, IBPS, state PSCs, state selection boards and education boards are distinct authorities. Use the name on the notification.

Sarkari Result 2026 FAQs

What is the official Sarkari Result 2026 website—and is a private aggregator official?

There is no Government of India authority named “Sarkari Result.” The official website depends on the examination: UPSC for UPSC exams, SSC for SSC exams, the named RRB for railway recruitment, IBPS or SBI for bank recruitment, NTA for its tests, and the relevant PSC/selection board for state recruitment. A private aggregator may help discovery, but it is not the recruiting authority and should not receive your sensitive credentials.

How can I check Sarkari Result 2026 on mobile?

Open the official link in your normal browser, match the notice number and download the result PDF or open the candidate login. Use the browser's “Find in page” function to search a PDF by

roll number. If you lost the number, use only the authority's recovery process or your original confirmation email/SMS. Save the PDF and official address; avoid unlinked APKs and result-checking apps.

Where is the railway result 2026 or RRB result link?

Open the official RRB directory through [RRB Chandigarh](#) and select the board named in your CEN. Railway results are zonal. A candidate who applied through RRB Bhopal, for example, should not assume a Chandigarh or Mumbai PDF covers that application. Match RRB, CEN, post and stage.

Where can I find SSC result 2026, admit card and answer key?

Use [ssc.gov.in](#). Its official homepage provides separate quick links for **Admit Card**, **Answer Key** and **Result**. Read the result notice as well as the list: it explains the stage, cut-off, withheld cases and next action where applicable.

Where can I find UPSC result 2026 PDF with name?

Use the UPSC [Written Results](#) page or the individual examination page. A roll-number list and a name list may be uploaded separately, as happened for Civil Services Prelims 2026. Check the document label and upload date before concluding that a name is missing.

How do I check an IBPS or SBI bank exam result 2026?

Use [IBPS CRP Updates](#) for IBPS processes and [SBI Recruitment Results](#) for SBI recruitment. Match the CRP/recruitment title and cycle. Ignore messages asking for payment to release a score or allotment.

What does “result withheld” mean, and can RTI change it?

It means the authority has not released or finalised that candidate's result, often pending a document, eligibility check, court order, verification or another recorded reason. Follow the official notice/representation process first. RTI can obtain the existing reason, order or record, but it cannot itself re-evaluate marks or order selection; use the exam body's remedy for a change.

Sarkari Result 2026 kab aayega?

There is no single date. Every exam and stage has its own timetable. A date is confirmed only when the conducting authority publishes it. Check the exact exam's notice page and do not treat a coaching video, social post or private countdown as an official announcement.

Are MPPSC result 2026 and MP Police result 2026 on the same website?

Not necessarily. MPPSC results belong on [mppsc.mp.gov.in](#). MP Police and other recruitments conducted by the Madhya Pradesh Employees Selection Board belong on [esb.mp.gov.in](#). The notification tells you which body controls your exam.

Where are 10th result 2026 and 12th result 2026 links?

For CBSE, use [results.cbse.nic.in](#) or start from [cbse.gov.in](#). For a state board, use the [NIC Results Gateway](#) and confirm the relevant board's official host. These are school-board results,

distinct from government-job recruitment results.

Official-link availability notes

Automated checks are evidence of reachability, not proof of a future result date. On **30 August 2026**, 58 of the 63 directory links responded with a successful, redirected, access-controlled or rate-limited status consistent with an active site. These genuine official services did not respond normally from our checker:

- results.gov.in — connection timeout
- ctet.nic.in — connection/DNS failure during the check
- results.cbse.nic.in — DNS failure during the check
- AFCAT — HTTP 503 service unavailable
- HPSC — HTTP 500 server error

They remain official hosts. Use the parent authority link shown in the tables and retry. Never replace a temporarily unavailable official portal with a lookalike that asks for credentials or payment.
